Letter To Judge, Jordan

RE: About my status of my hand and New  
address change for Both civ, suits.

The doctor saw me today and went over my hand  
they gave me a splint for my hand and told me  
I will be wearing it for along time because of the  
damage to my hand, which ECM First correctional  
medical said they can't do nothing. As well they  
have me on Naprosyn 500 mg, and that is for  
the swelling in my hand and elanil 75 mg for the  
pain taken at bedtime, I take the Naprosyn two  
time aday. As for my address it is 821 Bennett  
Street wilmington Delaware 19801.

Now this is a 2nd opinion by doctors from CMS  
medical as well the doctor at S.V.op told me the  
same thing your honor, as well the doctor today  
told me when you get home go to your doctor for  
further treatment.
